TREX™ DECKING SOLUTIONS

THE WORLD'S BEST COMPOSITE DECKS MADE IN USA

WHAT MAKES TREX™ THE BEST

ISLAND MIST

Trex™ Shell Technology

Composite decking has come a long way over the past two decades. Trex™ should know, as it invented the category. Trex™ also evolved it by engineering the most significant breakthrough in composite technology – the Trex™ high-performance, weather-resistant shell.

Early-generation composites didn't come close to the fade & stain resistance the Trex™ boards guarantee. And not just for the first year, but for 25 glorious years.

Unparalleled Beauty

Transcend decking's deep wood-grain pattern and luxury colours create a premium, ageless look that leave other composites in the dust.

For a more contemporary look consider Transcend® Earth Tones range. Compatible with the popular Tropical collection, this colour range offers the same high-performance and durability that's synonymous with the Transcend line.

Hidden Fastening System

In pursuit of the perfect deck, all Trex™ decking lines come with a hidden installation option. When using grooved-edge boards, Trex's® Hidden Fastening System installs between the deck boards, fastening them to the joists with no visible deck screw heads on the walking surface.

This precision also creates perfectly consistent spacing between the boards for a flawless look across the entire deck. Fixings to suit both timber or metal frame – Trex™ have you covered for any environment.

WHICH COLOUR WILL YOU CHOOSE?

Trex™ Transcend colour range

The deep wood-grain pattern and luxury colours create a premium, contemporary and ageless look that leave other composites in the dust.

ISLAND MIST

A cool medley of calming silver tones, Island Mist mimics the weathered look of driftwood, with its true-to-nature vibrancy and realistic grain pattern.

SPICED RUM

A burnt umber with onyx black lowlights, Spiced Rum resembles tropical ipe (walnut).

HAVANA GOLD

A covetable blend of caramel and honey hues, Havana Gold is a warm brown colour that mimics tropical teak.

LAVA ROCK

Featuring rich reddish-black undertones, Lava Rock looks and feels like magnificent redwood.

TIKI TORCH

Featuring hints of nutmeg and ginger, Tiki Torch is an easy going light brown.

GRAVEL PATH

Like a stony pastoral lane, Gravel Path brings a pristine grey to the outdoors.

ROPE SWING

A pale, sandy taupe, Rope Swing is a carefree colour for a place of outdoor leisure.

Trex™ Transcend profiles

Trex™ boards come in two options – either groove or square edge – backed by Trex™ 25 year limited residential warranty and 10 year commercial warranty. Groove boards can be installed with a hidden fastening system while square edge boards can be installed like traditional timber boards with deck screws. Fascia boards are thinner and are commonly used around deck fascias and stair risers.

Hidden fastening system –

Option 1

Hideaway® Universal Fastener system works perfectly with Trex™ boards to create the perfect finishing. The timber fixing Hideaway® fastener fixes groove boards together, affixing to timber subframe, ensuring uniform spacing of boards for a flawless look. Specialised fasteners for fixing to metal subframe also available.

HIDEAWAY® UNIVERSAL FASTENER

Option 2

Klevaklip is a super-fast fixing system – up to three times faster than conventional fixing systems, leaving your deck looking great without the distraction of top-fixed screws and nails.
